

SPEAK UP & SPEAK OUT

Mastering the Art of **Public Speaking**

Let's face it – a lot of us dread public speaking. If the very thought of having to address a group gets you all tied up in knots, you're definitely not alone. That's why AWIB is hosting another workshop on public speaking! Whether you have an upcoming public speaking engagement or just want to give a presentation that leaves a lasting impression on your colleagues, this workshop will give you the tools you need to communicate more confidently, comfortably, and effectively with large groups of people.

Our experienced and inspirational instructor, Robyn Hatcher, will lead you through an intensive session where you will practice and develop techniques to improve your public speaking skills and receive constructive feedback. RSVP today and join the hundreds of business owners and professionals who have overcome their fear of public speaking thanks to AWIB's highly acclaimed Speak Up and Speak Out workshop.

Thursday, February 20, 2014
